Honorable Administrative Board Members
Strawberry Lakeview Special Service District
Heber City, Utah

We have compiled the accompanying financial statements of Strawberry Lakeview Special Service District, a component unit of Wasatch County, as of and for the years ended December 31, 2006 and 2005, as listed in the table of contents, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of the management of Strawberry Lakeview Special Service District.

A compilation is limited to presenting, in the form of financial statements, information that is the representation of management. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any other form of assurance on them.

Notes to Financial Statements

December 31, 2006 and 2005

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements and notes are representations of Strawberry Lakeview Special Service District's (the District) management, which is responsible for their integrity and objectivity. They have been prepared in conformity with generally accepted accounting principles in the United States of America as prescribed by the Governmental Accounting Standards Board and present the financial position, the results of operations, and the cash flows of the District as of December 31, 2006 and 2005, and for the years then ended. This summary of significant accounting policies of the District is presented to assist in understanding the financial statements.

Reporting Entity

Strawberry Lakeview Special Service District is a business-type activity of the governmental entity Wasatch County, operated similar to a private business enterprise. The intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges for wastewater collection services.

Component Unit

Under the guidelines established by GASB 39, the District has been determined to be a component unit of Wasatch County for financial accounting purposes and is included as a blended component unit in the County's financial statements.

Basis of Accounting

The District follows all Governmental Accounting Standards Board (GASB) pronouncements. In addition, all Financial Accounting Standards Board (FASB) and Accounting Principles Board (APB) opinions pronouncements issued on or before November 30, 1989 are followed, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails.

Notes to Financial Statements

December 31, 2006 and 2005

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued)

Proprietary funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. The accounting objectives are determinations of net income, financial position and cash flow. All assets and liabilities are included on the Statement of Net Assets. The District has only one proprietary fund as described below.

Enterprise Fund

The Enterprise Fund distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Enterprise Fund's principal ongoing operations. The principle operating revenues of the District are charges to customers for wastewater collection services provided by the District. Operating expenses for the District include the costs of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

Capital Assets

Capital assets are stated at cost for items purchased by the District and at estimated fair market value at the date of contribution, for items contributed to the District. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000.

The cost of maintenance and repairs is expensed as incurred; significant renewals and betterments are capitalized.

Depreciation is computed using the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: sewer ponds and lines, 50 years; pump station, 15 years; office equipment, 10 years.

When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts, and any resulting gain or loss is reflected in the income for the period.

Notes to Financial Statements

December 31, 2006 and 2005

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounts Receivable

The District does not write-off any receivables. Wasatch County passed an ordinance allowing the District to place a lien on any property with an overdue balance on the fees. The District will place a lien on the property if the account is ninety (90) days delinquent at September 1. The District will eventually collect the fees; therefore, an allowance for doubtful accounts is not recorded in the financial statements.

Budgeting

The District's governing board adopts a budget for each year prior to the beginning of the year. These budgets are amended during the year, as the board deems necessary, to accommodate current operations and are accepted by official vote of the board. The board did not amend the budgets for the years ending December 31, 2006 and 2005.

Risk Management

The District is exposed to various risks of loss related to torts; damage to and destruction of assets; errors and omissions, and natural disasters. The District has retained the risk of loss and will fund claims as they occur. As of December 31, 2006 and 2005, no claims have been made.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The District defines cash and cash equivalents as all deposits in its checking account, and all highly liquid debt instruments purchased with a maturity of three months or less.

Notes to Financial Statements

December 31, 2006 and 2005

NOTE 2 – DEPOSITS

Deposits for local governments are governed by the Utah Money Management Act (*Utah Code Annotated*, Title 51, Chapter 7, “the Act”) and by rules of the Utah Money Management Council (the Council). Following are discussions of the District’s exposure to various risks related to its cash management activities.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that in the event of a bank failure, the local government’s deposits may not be recovered. The District’s policy for managing custodial credit risk is to adhere to the Money Management Act. The Act requires all deposits of the local government to be in a *qualified depository*, defined as any financial institution whose deposits are insured by an agency of the federal government and which has been certified by the Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council. As of December 31, 2006 and 2005, the District’s bank balances were \$12,647 and \$22,209, respectively, all of which was insured by federal deposit insurance. The District had no other deposits or investments as of December 31, 2006 and 2005.

NOTE 3 – CAPITAL ASSETS

In 1999, the District entered into an agreement with Strawberry Lake View, LLC (the LLC) to provide wastewater collections services for the 95 lots in the Strawberry Lakeview Development. The LLC contributed the sewer system pump and lines to the District with an estimated fair market value of \$400,500 on the condition that the District would reimburse the LLC for development costs at \$2,000 per hookup as the funds are received from the land owners. This agreement resulted in a net contribution of \$210,500 from the LLC. At December 31, 2006 and 2005 the hookup fees payable to the LLC were \$110,000 and \$124,000, respectively. See Note 5 for additional information.

Notes to Financial Statements

December 31, 2006 and 2005

NOTE 4 – ECONOMIC DEPENDENCY

Strawberry Lakeview Special Service District is economically dependent on the wastewater collection services it provides within its boundaries. The District received nearly one-hundred (100) percent of its revenues from wastewater collection and related services.

NOTE 5 – LONG-TERM LIABILITIES

Long-term liabilities for the year ended December 31, 2006 are as follows:

	Balance 12/31/2005	Additions	Deletions	Balance 12/31/2006	Due Within One Year
Hookup fees payable	\$ 124,000		\$ (14,000)	\$ 110,000	
Total long-term debt	<u>\$ 124,000</u>	<u>\$ -0-</u>	<u>\$ (14,000)</u>	<u>\$ 110,000</u>	<u>\$ -0-</u>

Long-term liabilities for the year ended December 31, 2005 are as follows:

	Balance 12/31/2004	Additions	Deletions	Balance 12/31/2005	Due Within One Year
Hookup fees payable	\$ 136,000		\$ (12,000)	\$ 124,000	
Total long-term debt	<u>\$ 136,000</u>	<u>\$ -0-</u>	<u>\$ (12,000)</u>	<u>\$ 124,000</u>	<u>\$ -0-</u>

NOTE 6 – RELATED PARTIES

Wasatch County

The District reimbursed Wasatch County for salaries paid to the administrative employees of the District and some operational expenses such as postage and permits. Reimbursements to the County for the years ending December 31, 2006 and 2005 totaled \$5,451 and \$5,800, respectively. As of December 31, 2006 and 2005, the District owed Wasatch County \$431 and \$234, respectively, in reimbursements. The District is a component unit of Wasatch County.
